Best practice - running a successful care home

Amex Stadium, Brighton

9.00am to 1.00pm

Building on the success of our 2017 event, we are, once again, hosting our **Care Home Seminar**. This is a free event for care home owners, prospective owners and anyone who is involved in the care home industry. We have drawn together expertise from a range of leading industry experts to offer advice on best practice in running a successful care home.

The seminar will cover:

- how to ensure you benefit as much as possible from capital allowances
- how to increase your care home's profitability
- preparing your home for a successful CQC inspection
- what you can do to ensure your valuation is as favourable as possible
- updates and tips on legal developments and employment law

If you are a care home owner, prospective owner, or are involved in the care home sector, you'll find a mine of invaluable, practical, free information. You'll also have excellent opportunities to network with key people in the industry, and meet other care home operators.
